Raise awareness and make a plan with your colleagues

Hold a workplace briefing on the campaign with your colleagues. Plan out how to implement the actions below. Use the Campaign Guide.

Show everyone that you and your workmates are on board

Get your employer to publicly back the campaign

Does your employer already offer paid leave? Great. Now get them to publicly back the campaign.

Write to them adapting our model letter. Do they need more convincing? Include the two-page briefing on the issue and a petition signed by all staff.

Are they on board? Great work. Get them to show their support by filling out the form on:

australianunions.org.au/wewontwait

We will display all supportive employers here:

If your employer doesn't offer paid leave to staff yet, read pages 18–25 in our Campaign Guide on how to win it in your workplace first.
